

MRS. CARLA MARIE D. CARANDANG, Ed.D.

School Directress, Quezon Science High School

Brgy. Isabang, Tayabas City

December 10, 2018

Greetings of Peace!

Right now, a lot of start-ups are created out of the blue in the Philippines. This is because of organizations helping these start-ups in funding their company. A famous organization like this is Ideospace. Ideospace Philippines is a non-profit organization that aims to accelerate science and technology start-ups that solve present issues in Southeast Asia. On December 11th, 2018 at 6pm – 8pm in Makati City, they will host an event called **“Ideospace 2019 Competition Roadshow”** to continue their annual start-up competition in the Philippines.

Bitcoin and other decentralized technology is taking over a lot of industries in the world. That's why in the Philippines, an organization named Coding Girls Manila will be hosting an event entitled **Blockchain Engineered** where guests from BlockLab will talk about the engineering processes with blockchain technology on December 13, 2018 from 9:00 am – 4:30 pm at Mapua University.

In relation to these, I will be joining those events and I would like to request from your good office to be excused from my classes from Tuesday, December 11, 2018 to Thursday, December 13 2018. I am aware that I'll miss classes and therefore responsible for any missed requirements my subject teachers may gave.

Hoping for your kind consideration. Thank you and more power!

Sincerely,

IAN I. SALAZAR

Student, Quezon Science High School

ANACORITA I. SALAZAR

Mother
